

TRANSFORMERS MANUFACTURER
AN ISO 9001 : 2015 CERTIFIED COMPANY

Our Products

- Power Transformer
- Air Colled Transformer
- Isolation Transformer
- Step Down Transformer
- Servo Voltage Stabilizer
- Oil Colled Stabilizer

Certified By

MICRO, SMALL & MEDIUM ENTERPRISES

सूक्ष्म, लघु एवं मध्यम उद्यम

About Us

Shakti Servo Transformers has been established since 2014, a leading manufacturer engaged in manufacturing, supplying and exporting a comprehensive range of power & servo transformers, electrical panel and other electrical equipment. It has designed machinery to meet the extreme conditions of inconsistent voltage, moist humid to dusty environments and so on. Company's electrical products are made as per National and International standards.

We, Shakti Servo Transformers supported by highly skilled professionals, who are trained to accomplish our organizational goals. Lead by our founder Mr. N.C. Kushwaha with his experience of over 25 years in electrical industry, has helped the organization achieve success.

Our Vision

Our vision to become the most trusted, respected & preferred brand for the transformers, servo voltage stabilizers & other electrical energy saving equipment. Our team is constantly working towards becoming a leading power supplier in India & becoming a well recognition brand. Shakti Servo Transformer Private Limited is working towards a benchmark in Power Industry.

Our Mission

To emerge as a preferred solution provider for quality Products with a team of dedicated professionals and business associates who are ethical, value driven and create excellent customer relationships.

Power Transformer

Shakti Servo Transformers are always proceeding towards development by providing quality products to our customers. Considering the modern technology, we construct our transformers as per International & National standards. Power transformers are useful to step up and step down applications in high voltage transmission networks.

Specifications

Brand	Shakti Servo Transformer
Rating	Upto 200 KVA
Cooling	Oil
Winding Material	Copper
Frequency	50 Hz, 60 Hz
Primary Voltage	11 KV / 22 KV / 33 KV

Distribution Transformer

Shakti Servo Transformers are working round the clock to present best services which are authentic and trustworthy in every situation. Our products are scrutinized at every parameter under the supervision of experts. We have range of transformers from 25 KVA to 2500 KVA with primary voltage Upto 33 KV. Transformer including specific design as per power need and substation network.

Specifications

Phase	Three
High Voltage Range	Upto 33 KV
Winding Material	Copper
Tap Switch	on Load/Off Load tap changer
Rated Power Range	25 to 2500 KVA (30KVA Aircooled)
Tapping	As per customer need

Specifications

Phase	Three
High Voltage Range	Upto 33 KV
Winding Material	Copper
Tap Switch	on Load/Off Load tap changer
Rated Power Range	25 to 2500 KVA (30KVA Aircooled)
Tapping	As per customer need

Air Cooled Type Servo

Servo Voltage Stabilizer

Shakti Servo Transformers frame compact products which are easy to operate and are not affected by fluctuations. Most importantly, our services are always available to maintain the efficiency and protection of our products. Our Servo Stabilizers are fabricated by utilizing quality guaranteed raw material. Subsequently, we are generally recognized in the market for our high caliber. We are dedicatedly engaged to provide a cluster of fantastic quality of Servo Voltage Stabilizers.

Specifications

Phase	Single/Three
Voltage	160-260 V AC
Rated Bus Bar Current	630, 1250, 1600, 2000, 2500, 3000, 4000 A
Frequency	50 Hz
Input Voltage	7 to 13 KV
